

HEROES2[®]

AT A GLANCE

Our vision is for every young person to have the tools and system of support they need to live a flourishing life.

Impact Society is a charitable organization that focuses on providing educational programs to increase the resilience and the well-being of young people. Since 1994, we have been developing program resources for youth, educators, communities and families, increasing their resilience and mental well-being.

Heroes 2 is a natural follow-up to our flagship program Heroes®, where students *discover and build* their gifts & abilities. In Heroes 2 they are invited to take a courageous next step of *living & leading* from their gifts & abilities - becoming a part of a team of youth who can impact the future of their community, nation, and the world.

A hero is someone who uses their gifts & abilities to make a positive change in themselves and others.

The outcome of Heroes 2 is confident youth who actualize the positive behaviour learned throughout Heroes and Heroes 2. Working in teams, participants visualize, prepare and activate on a Passion 2 Action project, springboarding them into a fuller life of purpose and significance.

THE HEROES 2 PROCESS

Turning passion into action.

STEP
01

VISUALIZE
Chapters 1-5

Participants identify and choose an “issue at heart” (passion) they desire to bring awareness to.

STEP
02

PREPARE
Chapters 6-9

Participants together build a plan on how they can take their passion to action.

STEP
03

ACTIVATE
Chapters 10-12

Using their gifts & abilities, participants present and activate their Passion 2 Action project.

SCAN HERE FOR SAMPLE HEROES CHAPTER:

WHAT EDUCATORS ARE SAYING:

“ I like how *Heroes* focuses on oneself and a small community, and then *Heroes 2* looks beyond oneself and the impact we can together have on a much larger community.

- Educator, Heroes 2 Facilitator

Impact Society thanks our following partners for their support on the enhancement of Heroes 2:

The Alvin & Mona Libin Foundation
